Open cooling towers

Options and accessories

Water treatment equipment

BAC offers a wide range of **automatic water treatment packages** to control corrosion, scaling, fouling and microbiological growth in cooling systems incorporating BAC cooling towers.

A good water treatment program

- helps reduce water consumption.
- ensures efficient operation and optimal, original performance
- helps improve year-round system hygiene

Want optimal water treatment equipment for your BAC cooling tower ?
BAC is your best partner. Contact your local representative for more information.
